

## COVID-19 PROTOCOLS

As of May 1st 2022

Island Integrative Health has created protocols to mitigate the risk associated with COVID-19. Below are the following precautions we are taking at this time. This includes expectations for practitioners and patients.

Please review the following COVID-19 policies and procedures prior to attending your appointment.

1. You will receive an email regarding our specific covid policies and there will be a poster when entering the clinic. Arriving for your appointment confirms that you have read, acknowledged the following, and understand the clinic's policy.
2. Please do not come to your appointment if you are experiencing any cold or flu-like symptoms if you are required to self-isolate or have been exposed to COVID-19 in the past 5 days. Cancellation fees will be waived under the above circumstances. Please notify the clinic as soon as possible.
3. Upon Entry, everyone is expected to hand sanitize. Payments will be taken prior to your appointment to keep your time afterward minimal.
4. The use of the common washrooms is still available.
5. Masks are mandatory in common areas. Once you are in the treatment room, it is up to the discretion of the practitioner and yourself if you choose to wear it during the duration of your treatment.
6. Following each treatment, all practitioners will clean all contact areas with COVID-19 disinfectant. Common areas will be cleaned during the day regularly with disinfectant.

If you have any questions please email or call in before your appointment.
